

John Donovan

Chief Strategy Officer & Group President,
AT&T Technology and Operations

March 15, 2016

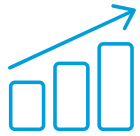

More than
150,000%
mobile traffic growth since 2007

60%
of traffic is video

114
petabytes
per day

130M
hours of HD video
per day

~20-50B
connected devices
by 2020

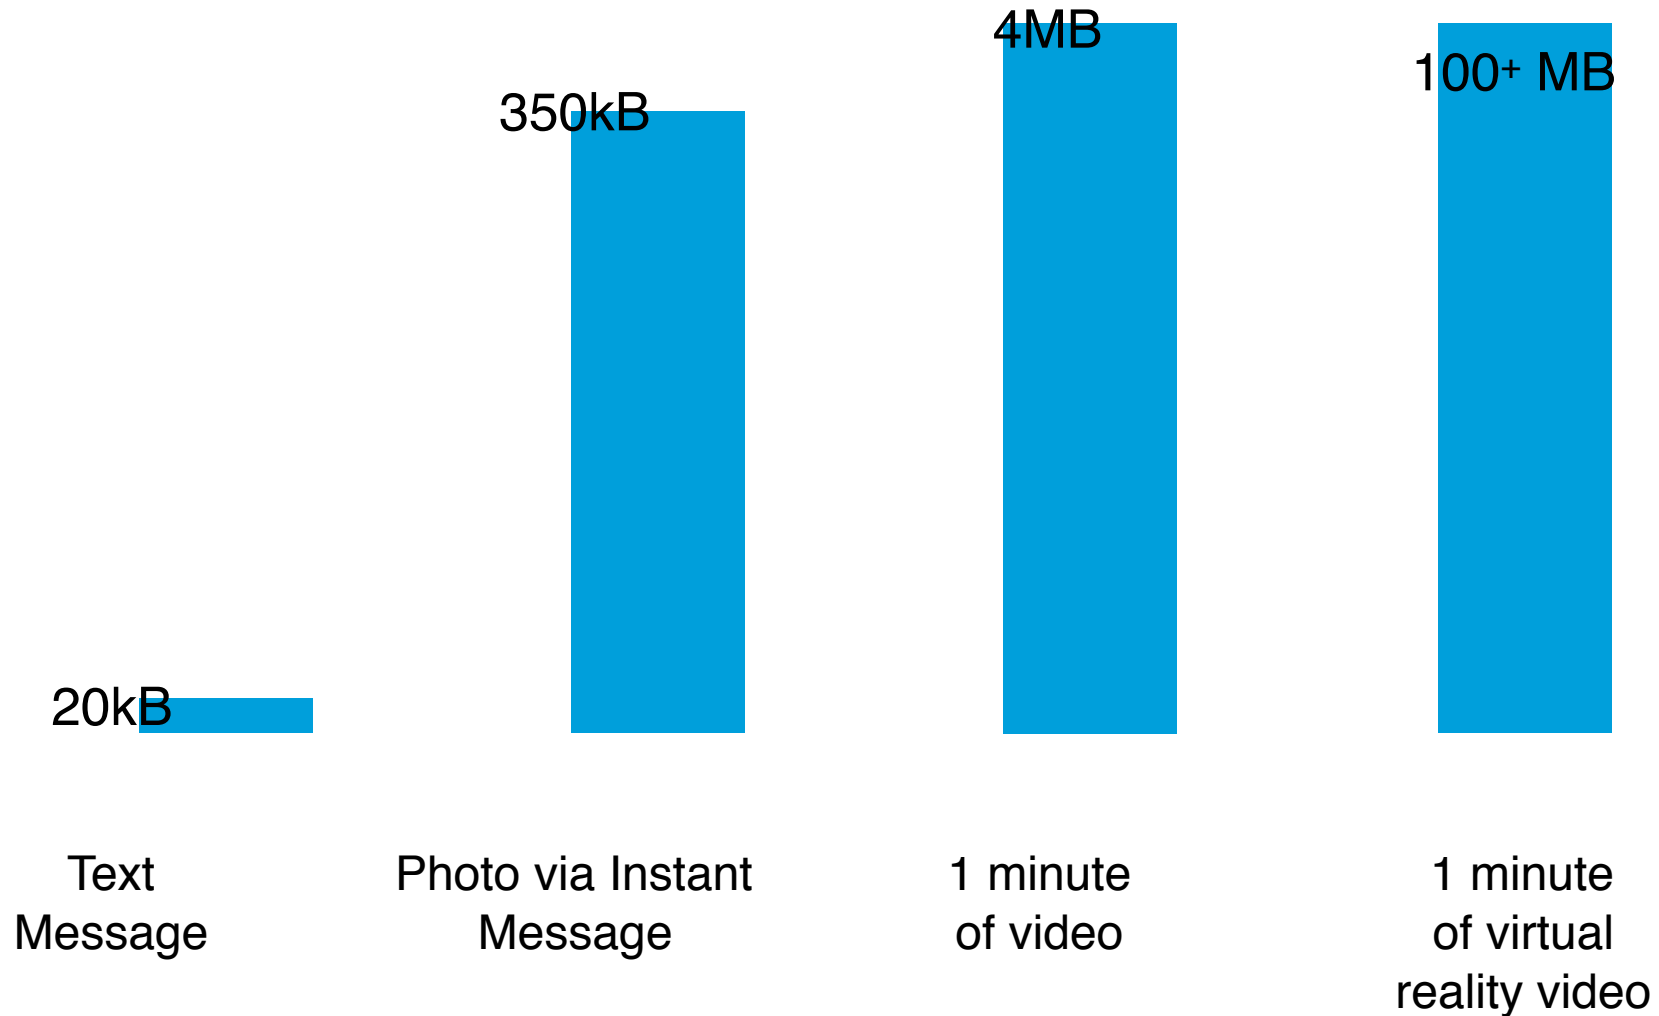

Gartner believes
6.4B
connected things will be in use
worldwide this year, which is
up 30% from 2015

We connect more than
26M
Internet of Things devices

Network Demand – Virtual Reality

4G LTE

SDN

OpenStack

OPNFV

OpenDaylight

OpenContrail

ON.Lab

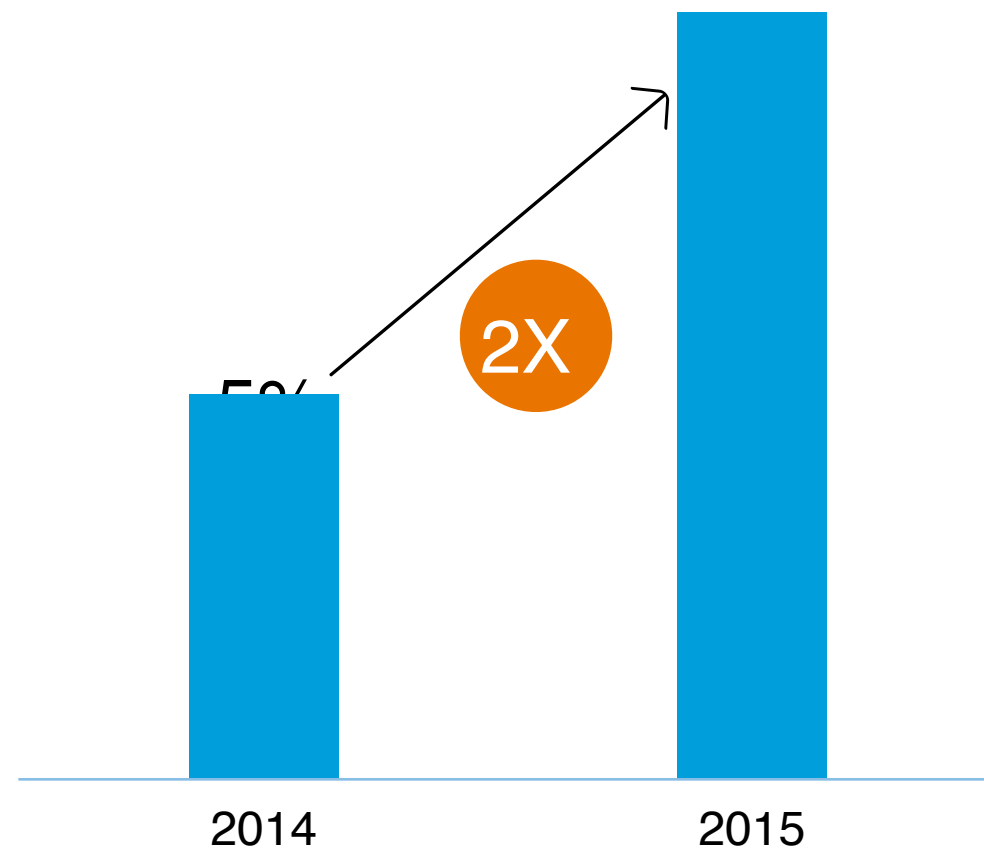

Open Container Initiative

Cloud Native Computing Foundation

Open Compute Project

...and others

% Use of Open Source Software
